KIT MYERS PHOTOGRAPHY

CANDID. RELAXED. NO FUSS.

www.kitmyersphotography.com

Capturing natural moments from your wedding day.

I've captured many weddings over the years at Gate Street Barn and absolutely love it there. I shoot everything from the getting ready, right through to the dancing. I'm the best at confetti shots (my mum said so) and I love getting shots of just the two of you at sunset if that's possible. All of this with minimal interruption from me.

Head over to my website for more examples of weddings I've shot or get in touch for a chat.

Honest, emotional wedding photography

No cheese, no jumping, no cringe. I photograph people in love sharing their lives with the people they love. Sounds simple, and I suppose it is.

Emotion, context and meaning. The things that matter. I'd describe myself as mostly documentary in approach, but with a definite love for couples' portraiture.

MUSK WEDDING FILMS

NATURAL AND HONEST WEDDING
VIDEOGRAPHY AND PHOTOGRAPHY

www.muskphotographyandfilms.co.uk

I'm Tash and I'm a fun story teller that loves to create memories that'll last a lifetime in your wedding videos. With nearly 10 years experience and a passion for all things weddings - I've got you!

I create a cinematic short film of your day that captures all of the natural laughter and emotion of your day, but I'm also incredibly discreet and you will barely notice me!

Don't worry about posing around me – I like to take a fly-on-the-wall approach and document the day as organically as possible. No cheesy, staged shots here.

I am lucky to have worked at Gate Street Barn many times, but each wedding is so different and unique there, which I absolutely love and I'm always ready to get creative.

“You're in the best of hands with Natasha! On the wedding day you'd hardly notice she was there, she was a breath of fresh air and contributed into making our wedding day extra special. Not only is she an absolute sweetheart, she's also the best in her field at what she does.”

“If you are even a little bit hesitant about hiring a wedding videographer for your big day, like my partner was, I promise you Natasha will not disappoint and it will be one of the best decisions you make!”

“Natasha is AMAZING and we cannot recommend her highly enough! The cinematography is gorgeous, the shots she chose and how she worked with the music is all 100% spot on. We now have a beautiful reminder of our wedding due to Natasha's expertise and hard work.”

Rosie's style is best described as soft bridal glam. She loves looks such as glowing skin, enhanced eyes and a light rosey or nude lip – paired with some loose beach waves, or a time-less low bun.
